

I do not have a Sinclair Broadcasting station near me -- but millions of Americans do, and I had to write the FCC to protest Sinclair's forcing of 62 of its stations to air an anti-John Kerry documentary during prime time hours in swing states. This is totally wrong, and against the law, unless Sinclair also airs a pro-Kerry documentary shortly afterward in order to maintain balance. Please do something to stop Sinclair's unfair, one-sided, un-American action from happening. Thank you.

Sincerely,  
Angela Bolton
